Medical Malpractice/Pharmaceutical/Medical Devices

Strong & Hanni's Medical Malpractice/Pharmaceutical/Medical Devices Group has substantial experience in defending both medical malpractice and medical product liability claims. With over 100 years combined experience, three registered nurses and one former judge, the Medical Malpractice/Pharmaceutical/Medical Devices Group has the knowledge to assist you in protecting your practice.

Medical Malpractice

Your practice is important to you. That is why you protect it with insurance. We provide the peace of mind that your practice will be protected if a claim is made against you. We represent numerous doctors and health care providers (and their insurers) in wide-ranging medical malpractice claims from obstetrics and brain damage to wrongful death. This group has worked closely with insurance companies for over 100 years. We have done work for many insurers including Utah Medical Insurance Association, Intermountain Health Care, CNA, PULIC, WSPIE, Washington Casualty Company, ICA, The Doctor's Company, Farmers and Interstate.

Pharmaceutical/Medical Devices

Keeping your business running smoothly is difficult, especially when a problem arises. We help medical device manufacturers stay in business by providing the necessary protection in a product liability case. The group has prepared and litigated cases involving breast implants, catheters, hip prostheses, heart valves, pacemakers, and a variety of other medical devices.
