Professional Liability

Strong & Hanni offers clients experienced representation in professional liability cases. The firm's attorneys have served clients in a wide variety of professional liability matters, ranging from complex professional liability litigation to representing individuals and small businesses.

Our attorneys represent law firms, accounting firms, corporate officers and directors, insurance brokers and agents, securities brokers and dealers, real estate professionals, architects, engineers and design professionals, and individuals in professional liability claims, liability insurance coverage issues, and shareholder derivative lawsuits.

We also work with clients to develop tools to avoid professional liability claims. Our attorneys can assist clients in developing effective internal compliance programs and in carrying out internal investigations.

Our attorneys counsel clients on a wide range of issues, including conflict-of-interest problems, fee disputes, risk management, partnership disputes, disqualification motions, privilege questions and other ethical issues. Strong & Hanni can help clients create risk-management materials designed to minimize the risks of claims such as engagement policies and letters, conflict manuals, form letters, and risk management manuals.
